Students, Faculty and Staff Daemen College

Dear Daemen Community Members:

It has been an eventful spring break to say the least. By now I am sure you have learned that many colleges and universities throughout the United States have moved entirely to an online delivery of classes for either a short period of time, or, in some **sas**, until the end of the semester. This includes many in New York State, including SUNY, CUNY, and others.

Daemen College continuesftdlow the guidelines by the Center for Disease Control (CDC) in its protocols and is continuing todevelop contingency plans for teach if gnecessar, while actively monitoring the health and well being of our campus community. We are also requesting students, faculty, and staff who have traveled outside the area for the break, recently traveled, or have been in contact with someone who has traveled to an area seeing an outbreak from the coronavirus to complete this-distillosure form

I have consulted with seniadministration faculty senate leadership, and our Emergency Response Team, and while the decisions taken by other institutes and organizations avebeen done so out of an abundance of oauti we feel that is not the right course of action for Daeatchis time. There are no known cases of COD - To be clearat this time D as scheduled.
